

NOS (National Olympiad Series) Instruction Sheet

Before/During the Test:

1. Ensure an active internet connection throughout the Test. Use Mozilla Firefox or Google Chrome for smooth functioning.
2. Do not Refresh your Browser once you start the Test. It can result in loss of saved answers.
3. The Test Records will tell the Platform Administrator of your behaviour while attempting the Test. All records are being saved on the Platform. Any unusual record or behaviour can result in disqualification.
4. Every record will be closely monitored by the administrator. The active AI at the back-end is saving the user's test and browser performance behaviour.
5. The Olympiads may have multiple Sections with Sectional Time limits. You may not be allowed to spend more than a particular time on a Section. Therefore manage your time well.
6. Read Instructions at the start of the Test very carefully. Don't hurry. The timer will only start after you see the first question.
7. For any assistance during the NOS, call +917676564400 or email us on support@toprankers.com (Subject: NOS <name of the Olympiad>)

After the Test (Answer Key/Solutions, Raise Issue):

8. The Test Papers along with the Answer Key/Solutions will be released on 22/09/20, 4:00pm on the platform. In case any student has any query/issue with the answer key, you can raise the issue and report it to us, via the RAISE ISSUE feature on the platform under every solution, latest by 23/09/20, 4:00pm.
Results will be announced on 25/09/20 latest by 9:00pm.
9. For any assistance during the NOS, call +917676564400 or email us on support@toprankers.com

Happy Testing. Happy Learning!

Regards,

Team NOS (*aka National Olympiad Series*)
